

The Benefits of Gen-X Heat Reflecting Insulation

Heat Reflecting Thermal Insulation, Air Leakage & Vapour Barrier in One!

- **Lightweight**
- **Excellent vapour barrier**
- **Space-saving**
- **Minimal truss depth**
- **Minimal additional insulation**
- **Combined vapour barrier in one**
- **Does not cause allergies or dust**
- **Easy to fix – simply staple into position**

BBA Certified Product

What is Gen-X®?

Gen-X® is a multi-layer foil insulation, complete thermal insulant, air leakage & vapour barrier in one.

Gen-X® comes in rolls of 33mm thick x 1.2m wide x 12.5m = 15m² per roll.

Gen-X® is fully supported by a technical team. For initial Technical Support contact the nationwide build shop limited in the first instance.

How Does Gen-X® Work?

Gen-X® helps seal your roof against climatic elements such as wind and damp whilst at the same time retaining ventilation. Using reflective technology, **Gen-X®** helps prevent your roof space from overheating in summer by reflecting the electromagnetic radiation from the sun whilst retaining warmth in winter. **Gen-X®** is ideal for applications requiring a dual layer of insulation.

What Gen-X Can Do For You!

- **Confidence** BBA Certified.. Part L Compliant.. NHBC Accepted.
- **Durability** Life equivalent to that of the structure to which it is incorporated.
- **Help Meet Your Target Emission Rate** Roofs incorporating **Gen-X®** can contribute to a building meeting its Target Emission Rate.
- **Reduce Carbon Footprint** When installed as instructed, **Gen-X®** will create a thermal airtight roof space with minimal air leakage, that combined with the target U-Value achieved will give additional energy savings that will reduce your carbon emissions tremendously.
- **Complete Vapour Barrier** High water vapour resistance with a measured value in excess of 6000MNsg
